

Election Statement - Aqsa Anwar

Hey everyone, I'm Aqsa Anwar. I am a first-year PhD student in the Department of Chemistry. I'm running for Postgraduate Senator because I believe we deserve to be heard.

Postgrads are a huge part of HKBU, but too often we get overlooked. We need someone who understands our struggles—because I'm going through them too.

If elected, I'll be someone you can actually reach. I'll bring your concerns to the table and push for real changes.

No empty promises. Just honest work.

Vote Aqsa for Postgraduate Senator.
