

Support Earth Hour 2024 - Give An Hour For Earth

Please join us to support the “**Earth Hour**”, a global climate campaign organized by the **World Wide Fund for Nature**. Residents are encouraged to take part in this campaign by switching off non-essential electrical appliances (lights, computers, fans, air-conditioners, etc.) for an hour, during ⌚ **8:30 – 9:30 pm** on 📅 **23 March 2024 (Saturday)**.

The Hall Management will turn off the communal non-essential electrical appliances during that hour too. Details are as follows:

- **Undergraduate Halls**: air-conditioners and lights on 1/F and 19/F communal facilities
- **Dr. Ng Tor Tai International House**: lights at the carpark, outside G/F entrance and part of the lights on roof

Earth Hour is just a start, to go beyond the hour, you can walk the extra mile by doing the following.

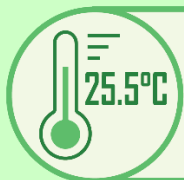

Become a Public Transportation Leader

Take public transportation and walk as much as you possibly can.

Green Monday

Eat only vegetarian meals every Monday.

Sustainable Summer

Set your air-conditioners to $25.5^{\circ}\text{C} \pm 2^{\circ}\text{C}$ in the Summer.

Plastic-free Takeaway

Choose reusable containers when ordering takeaway meals.

Recycling Facilities

Make use of the recycling facilities on campus and in the community. Get into the habit of recycling!

For more information about the campaign, please refer to <https://earthhour.wwf.org.hk/>.

Your action counts. Let us join hands and build a better and sustainable future by adopting a green lifestyle. Thank you for your contribution in making a positive change to the Earth!
