

Dear Residents,

Façade Enhancement Project of the North Tower

Please be informed that the Estates Office has arranged contractors to commence the captioned project starting from **27 May 2024 (Monday)**. The related precautionary measures, scaffolding works, and rebound hammer tests will soon begin to take place in the North Tower and its vicinity. You may want to refer to the [Announcement from the Estates Office](#) for the details of the erection of scaffolding for pedestrian walkway of the North Tower.

During the work period, the affected areas will be cordoned off, precautionary measures such as covered walkways, water barriers and hoardings will be put into place. Intermittent disturbances, such as noise, dirt and dust near the affected areas are expected. Residents are advised to stay away from the work areas and follow the instructions provided on site.

If you have any questions on the above arrangement, please contact the campus security hotline at 3411 7777.

Thank you for your attention.

Regards,
Undergraduate Halls
