

Dear UGH Residents,

[Update] Replacement of Entrance Turnstiles

Referring to our previous email dated 13 June, this is an update of the captioned work. Starting from **25 June 2024 (Tomorrow)**, temporary access control will be implemented at the South Tower G/F entrance while the existing turnstiles are being replaced. Please use the temporary access control for entering and leaving the Halls.

Moreover, residents are reminded to be careful while accessing the entrance and G/F lift lobby at the South Tower due to the uneven floor caused by the ongoing works. During the work period, intermittent disturbances, such as noise, dirt and dust near the work areas are expected. Residents are advised to stay away from the work areas and follow the instructions on site.

If you have any questions on the above, please email accm_info@hkbu.edu.hk or call the ACCM hotline at 3411 2600.

Thank you for your attention.

Regards,
